Beaver County Residents,

After careful review and contemplation of the development of the Multi Use Events Center, the Beaver County Commission has been informed that the specific grants that were central to the overall funding of the Multi Use Events Center are no longer available at this time. Therefore, the Commission has decided to table the development of the Multi Use Events Center until a later date. In addition, a question regarding potential funding of the Multi Use Events Center will be placed on this November's ballot.

Best Regards,

Commissioner Mike Dalton (Commission Chair)

Commissioner Mark Whitney

Commissioner Tammy Pearson
